

## D-Hook™

### Description:

The Utility Barrier is the ideal solution for any variety of Utility Works. Completely manufactured within the UK at the Melba Swintex factory, with its unique and protected D-Hook™ accessory. The D-Hook™ clips into place using the round cavities on the back face of the barrier, allowing the user to hang various products such as sandbags, portable lights, first aid kits, and many others.

### Features:

- Long lasting and robust.
- Manufactured from Polypropylene.
- Can be replaced.
- Manufactured from 100% recyclable material.
- Fits securely into various locations.
- Can be fitted low to the ground, or to the top of the barrier.
- Works on all variations of the Utility Barrier.
- Included with all Utility Barrier orders by default.
