

Barrier Tube

Description:

The Barrier Tube provides strength and durability for the Thor & Hammer barrier systems and removes the requirement for steel, resulting in an all-plastic barrier system. Permanently fitted to either end of the barrier, the tube fits all common base types.

Features:

- High-in-strength
- Non-conductive
- Rust resistant
- Fits all common heavy-duty bases
- 100% recyclable
- Versatile and impact resistant

Length:	615 mm
Diameter:	Ø43 mm
Weight:	0.30 kg

*All weights are approximate
