

Fence Foot MKII

Description:

A one piece compression moulded fencing foot, manufactured from recycled material. The base is completely recyclable, boasting high durability and strength. Designed to take Ø38.2 mm posts, the base ensures a secure and stable foundation for all standard fencing barricades. The product is a single man lift, with specially designed handles either side, which allows carrying with ease.

Features:

- Manufactured from recycled PVC.
- Handles at either side for easy lifting.
- Two slots for Fork lift entry.
- 6 location points for fence posts.
- Bases stack with each other.
- Company identification can be embossed.

Width:	210 mm
Height:	135 mm
Length:	750 mm
